Unlock Language Skills, Embrace Every Moment: Everyday English Series

Author – Dinorah Pous

General Description -

Everyday English, a comprehensive three-level series, is meticulously crafted to cultivate and enhance fundamental linguistic skills in English for learners at the early stages. Through active engagement in everyday social scenarios, students embark on a journey of language acquisition, seamlessly transitioning from basic to more complex linguistic activities.

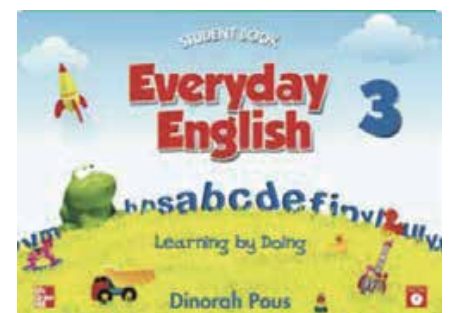

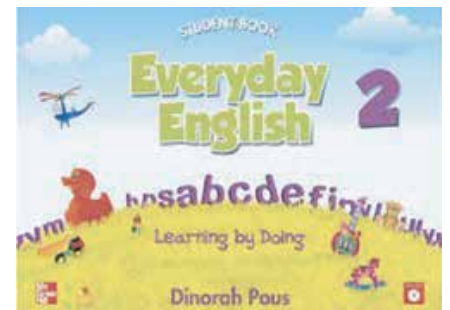

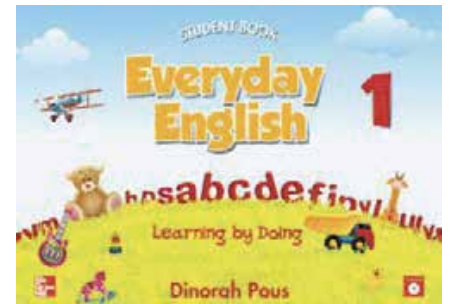

Our program embraces a diverse range of linguistic and non-linguistic resources, empowering children to express themselves fluently in various contexts. With a keen focus on fostering positivity and sustaining student engagement, Everyday English captivates learners' attention while instilling a love for language learning.

Designed to promote collaboration and teamwork, our series integrates project-based activities tailored to each unit's language objectives. These projects not only reinforce language skills but also nurture a collaborative spirit, motivating students to excel together.

Experience the transformative power of language acquisition with Everyday English – where every lesson is a step towards linguistic fluency and cultural understanding.

Main features

- Competency-based instruction
- Contents developed focused on the practice of common social practices
- Includes phonics and mathematics content
- Includes projects in every unit
- Encourages students self-evaluation at the end of every unit

- Easily customize ELLevate by adding your own learning materials.
- Get access to a wide range of learning materials within one powerful teaching and learning platform.
- Access Teacher Guides to help you plan and develop your lessons.

Course Map

Access all available content within the course, and easily add or rearrange content for a more personalized teaching experience.

Implementation Guide

Instructors have access to a number of videos that can help with navigating the platform from Dashboard Navigation, Class Setting, Calendar to How to Create and Assign Tests.

Placement Tests

Assess your students' current language abilities in order to match them to the course most suited to their level. There are two placement tests available in ELLevate that can be delivered digitally or in print form, depending on your comfort level.

MAXIMIZE PERFORMANCE

ELLevate English takes a modular approach to improve student performance. Each lesson focuses on one skill to maximize practice and keep students focused. With the integration of 21st century skills of critical thinking, communication, creativity and collaboration you can prepare students for success beyond the classroom.

- Help students learn and practice language in a risk-free learning environment.
- Tailor in-class instruction based on student progress and engagement.
- Leverage a variety of multimedia learning assets to create a truly immersive and interactive learning experience.

● Student Book & Workbook

Access all essential course content and assign language practice, giving students the opportunity to apply what they've learned and instructors the ability to track student performance.

● Read Anywhere Mobile App

Read Anywhere Mobile App gives students access to the Student Book content via phones and tablets so they can learn on-the-go.

● Practice Tests

Help students prepare for certification exams with access to 3 authentic TOEFL practice tests.

MAXIMIZE PROGRESS

Collect, analyze and act upon class and individual student performance data. Make real-time course updates and teaching decisions backed by data.

- Visually display class and student performance data.
- Easily identify key relationships between assignments and student performance.
- Make class time more effective by using data insights to focus on the topics where students need the most help.

Activity Performance Reporting

An interactive reporting and visual analytics dashboard provides immediately actionable, at-a-glance information about student and class performance.

Student Performance Reporting

Quickly identify which students are struggling with comprehensive activity performance reporting. Maximize in-class time by using data to focus on areas where students need the most help.

Automated Assessment

ELLevate English Adult automatically grades students' assignments so valuable time can be focused on teaching, not on grading tests and quizzes.

Maximize Your Course. Your Way.

ELlevate English Adult takes a lot of the time and stress out of curating, building and vetting your ELL course. Whether you're looking to create a fully online or blended course, **ELlevate English** provides you with a course framework to deploy and manage your ELL course the way you want.

- Feel confident you're delivering a course that is designed to achieve critical language benchmarks. **ELlevate English** consists of 24 modules and is aligned to CEFR levels A1-B2.
- Use the course management tools available within **ELlevate English** to add your own content for a more personalized learning experience.
- Choose to deliver your course fully online or in a blended format with a print option, giving you full control over how and when you integrate technology.

The result is a complete course framework that is pedagogically sound – offering you the benefit of time savings with the flexibility and control you expect and need.
