Best Practices

Connect Best Practices

- 1. Use Google Chrome as your internet browser
- 2. Clear your browser cache prior to the start of an assignment, simulation, quiz or exam.
- 3. Complete a Computer Compatibility Check.
- 4. Complete the assignment, simulation, quiz or exam on your laptop or desktop rather than a mobile device.

Reminders

- Connect should be loaded on ONE session of your browser and only ONE tab within your browser.
- Use an ethernet cable to directly connect your device to your internet modem for faster speeds.
- Limit the number of applications running and devices connected to your wireless internet while completing your assignment.
