

# Vocational Training and Assessment

## 3rd Edition & Assessment Package ©June 2023

Dan Hill, Terry Hill and Lee Perlitz

The new 3rd edition of Vocational Training and Assessment has been written to support delivery of the recently endorsed **Certificate IV in Training and Assessment (TAE40122)**.

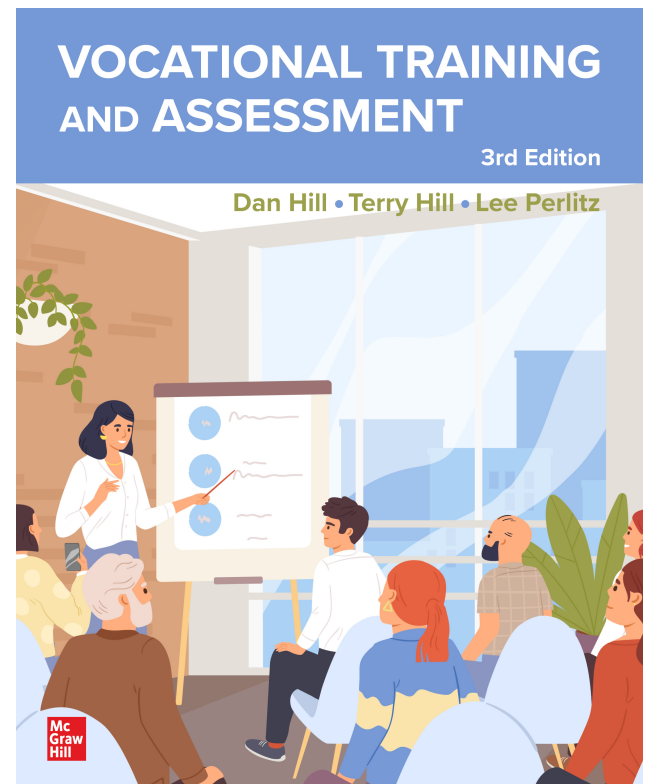

The text continues to be a valuable resource for new and existing VET practitioners, helping them to understand the VET framework that will guide them, whatever the industry they teach in. The text is written by a team of experienced VET trainers and assessors who strive for excellence in their own delivery of TAE. They understand the variety of backgrounds and subject areas VET practitioners come from, and present content and examples that can be applied to these varied contexts.

This edition has a fresh, clean new design and uses illustrations to distill key concepts.

### KEY FEATURES

- **Unit by Unit Approach** - makes it easy for trainers to see the direct link between the content and the training package
- **Running Case Study (Jackson Logistics)** - gives learners an understanding of how the theory can be applied to a real life training situation
- **Use of 'Atomic Visuals'** by Nifty Fox Design for key concepts - helps students' understanding
- **Assessment Tools for each unit of competency\*** - easily editable in word format making these a great time-saving device for RTOs
