

Spelling Through Morphographs

Grades 4–12

A Research-Proven Approach for Spelling and Vocabulary Instruction

With **Spelling through Morphographs**, students are taught how to spell 750 morphographs along with the principles of morphographic analysis to foster vocabulary development.

Explicit and systematic teacher-directed lessons introduce morphemes, rules, and principles. And because morphographs carry meaning, students are challenged to think their way through spelling rather than to memorize a set of words each week. Spelling Through Morphographs provide ample opportunity for students to practice rules, principles, and strategies resulting in the ability to spell over 12,000 words.

Spelling through Morphographs:

- ▶ Empowers students by teaching prefixes, suffixes, and word bases, and a reliable set of rules they can use to combine them
- ▶ Boosts vocabulary skills by teaching the meanings of common morphemes
- ▶ Improves students' ability to decode multisyllabic words with instruction that focuses on word structure
- ▶ Reinforces the connection between spelling and composition with expanded writing and proofreading activities

Give your students the tools to become proficient spellers who apply word meaning and structure to expand their vocabulary. **Contact your Account Executive today!**
